Hi Karen,

The November Parks minutes were not finalized at the December Parks meeting as it was an informational only discussion meeting and the minutes were not on the agenda. In addition, we did not have a quorum present, so no motions/actions were taken at the December meeting. This will be noted accordingly in the draft minutes.

Attendance for the 12-18-17 Parks meeting was as follows:

Garbutt, Wichert, Kast

England

Supervisor Scott (sat in for Trustee Berkheiser)

Absences were:

Champagne, Petsch, Berkheiser, Holmes

Champagne had notified Emily beforehand, and the others ran into traffic issues and were unable to attend (*there was a timing light issue that evening at Richardson, which caused a major traffic backup on Martin Parkway that lasted from 3:45pm to 7:15pm and delayed drivers much worse than the normal traffic jam*)

Let me know if you have any questions. Have a great day!
