About Pleasantry Home Care:

I had a dear neighbor who was diagnosed with Dementia. She seemed very unhappy at the thought of having to relocate to a nursing home once her Dementia starts to progress.

She wanted to continue to remain in a place she was familiar with, but at the same time she was unsure of the cost of home care and if it would even fit her budget. I saw her declining more every day with the concern of leaving her home. and I stopped and asked myself, "Why not be able to have the best of both worlds?" **Quality service with reasonable rates** will allow you to have a longer, healthier, and happier life, and I knew I would want that for myself one day. This is one of the reasons why Pleasantry Home Care exists today.

I'm aware of the financial predicament we are all facing in today's economy. I realize the importance of our health and wellbeing in determining our quality of life.

When times get hard, we feel the need to overlook what's important and only focus on what we think we can afford. This is why we offer fair rates with quality service. While getting the best care, your finances are the least of your worries.

Thank you for considering Pleasantry Home Care!
